Showtec Airdrive 2.4 Stick
Wireless DMX receiver - 3P XLR

Wireless DMX receiver - 3P XLR

EAN: 8717748601308

The Showtec Airdrive 2.4 Stick is a wireless DMX512 receiver with integrated battery. It is compatible with the Wireless DMX and LumenRadio protocols and supports up to 79 channels for interference-free operation in the 2.4-GHz ISM band. A button provides easy control and setting adjustments and status and battery level indicator LEDs provide the necessary information in colour and flash codes. The battery can be charged via a USB standard charger and provides up to 20 hours of operation. A charger is not included.

Special features:

- Reliable, cable-free DMX control
- Compatible with Wireless DMX and LumenRadio protocols
- Battery-powered
- 3P XLR

Specifications:

Wireless Specifications

Wireless Mode	G3 / G4 / CRMX / CRMX ²
Reaction Time	5 ms
Antenna Boost	3 dBi
Antenna Type	Omni
Antenna Radiation	360 x 180°

Battery

Battery Type	Lithium-ion polymer
Battery Voltage	3.7 V
Capacity	0.45 Ah
Battery Power	1.66 Wh

Control and Programming

DMX Channels	512
Protocols	DMX
Operational Modes	Receiver

Electrical Specifications and Connections

Power Supply	5 V DC
Power Consumption	1 W
Power Connector In	Low Voltage DC plug
DMX Connector Out	XLR 3P

Power Adapter

Adapter type	AC-DC adapter (not included)
--------------	------------------------------

Mechanical Specifications

Length (mm)	98 mm
Width (mm)	19 mm
Height (mm)	22 mm
Weight	0.07 kg
IP Rating	IP20 (indoor use only)
Housing	Metal
Colour	Black

Thermal Specifications

Maximum Ambient Temperature	40°C
Minimum Ambient Temperature	-10°C
