# MOLE SPIKE STAND

The Mole spike stand allows you to set up fixtures outdoors at low heights for temporary use. It offers a stable base on soft or uneven terrain and keeps lights off the ground in wet conditions. It's equipped with a 51 mm tube on which fixtures can be attached using a clamp or coupler. It supports a maximum load of 25 kg.

## KEY FEATURES

### Outdoor use

With sturdy spikes and a zinc and powder coated layer, the Mole spike stand is ensured for longterm outdoor use.

### Compact and portable

The Mole spike stand is easy to transport thanks to its minimalistic and compact design.

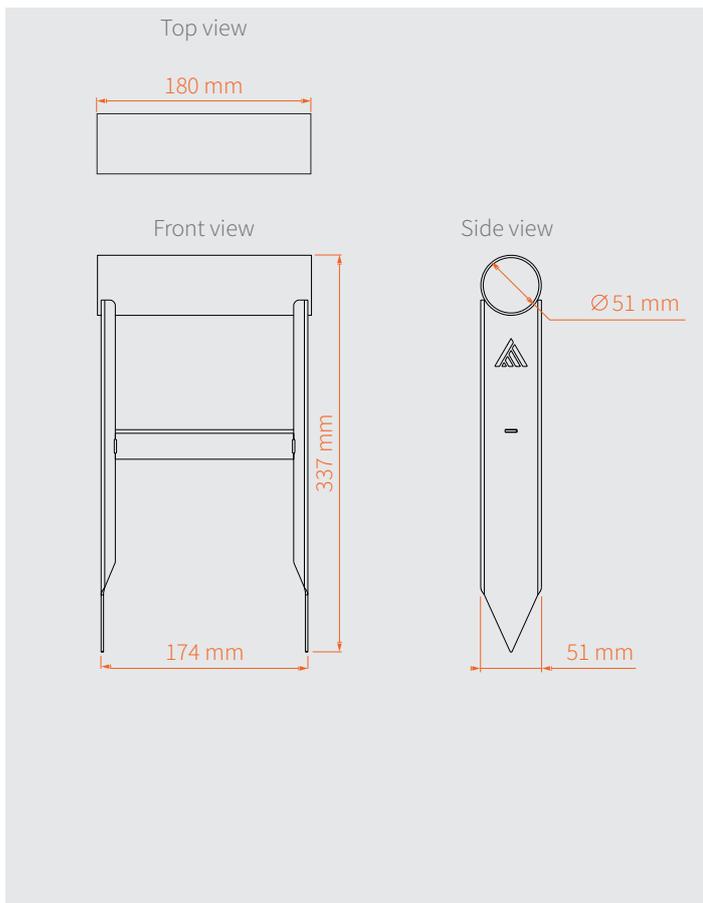

### Stackable

Because its tube and profile are equally wide, the Mole spike stand stacks easily for convenient storage.
