DNG-50 LOW FOG

Information

Product Description

Scan QR Code For Detail

The DNG-50 delivers smooth, ground-hugging fog using advanced ultrasonic technology—no dry ice or liquid CO² required. Designed for small to medium-sized venues, it produces clean, consistent low fog ideal for weddings, theaters, studios, and special events. Compact, quiet, and energy-efficient. Its perfect mix ratio keeps the fog close to the ground, creating immersive atmospheres with ease. Whether for permanent installs or mobile setups, the DNG-50 provides professional-grade fog effects with exceptional reliability and visual impact.

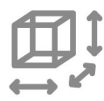

Feature

- No Dry Ice or Liquid CO² Required
- Continuous Low Fog Output
- Voltage Protection
- Low Water Level Sensor
