FV4910 **DAP USB-C AOC Fibre Cable**

Supports up to 8K @60Hz - 10 m

DAP

EAN: 8717748624079

This DAP USB-C active optical fibre cable supports high-speed data transfer, control signal transmission, high-definition screen mirroring and fast charging. Designed for commercial AV, IT and media production environments, it delivers full function USB C capability, including 8K video, 10 Gbps data, device control, and 60-watt power delivery. Lightweight and interference resistant, the cable maintains flawless signal integrity throughout its length. It automatically adapts to 4 lane DP 2.1 + USB 2.0 and 2 lane DP 1.4 + USB 3.2 (10 Gbps) modes, ensuring seamless integration with laptops, displays, interactive systems and high bandwidth peripherals. Engineered with multi layer shielding, fibre optic transmission and built in ESD protection, the cable ensures stable performance even in environments with high electromagnetic interference. Whether you're connecting laptops to distant displays, running interactive whiteboards, extending conference systems, powering devices over long distances or integrating smartphone to workstation workflows, this AOC cable is designed to handle it all.

Special features:

- High-speed data transfer
- Professional-grade video support
- 60-watt USB-C power delivery
- Supports up to 8K @60Hz
- Robust, interference-resistant fibre construction

Specifications:

Mechanical Specifications

Weight	0.71 kg
IP Rating	IP20 (indoor use only)
Colour	Black

Product Properties

Conductors	14

Control and Programming

Maximum Input Resolution	8K / 60Hz

Electrical Specifications and Connections

USB Power delivery (PD)	60 W acc to USB PD 2.0 W
Data Connector In	USB C
Data Connector Out	USB C
Cable Length	10 m
Cable Type	Hybrid Fibre Optic
Pins	24
Outer Cable Diameter	6 mm
