

*Breakout Multipin S19 in/out to 6x
Power Pro True*

EAN: 8717748619372

The Showgear PowerCore 2s.6p is a breakout power box with two Multipin S19 connectors (male/female) and 6 high-quality Power Pro True outlets from Seetronic. Its loop-through design connects all channels from input to output, while simultaneously powering the Power Pro True sockets for efficient distribution. Each outlet includes a voltage indication LED for quick and convenient status checks. It is designed for seamless integration with the Showgear PowerCore series and is compatible with all PowerCore units equipped with a Multipin S19 output connector, as well as other power distributor brands with Socapex 19-pin connectors.

For flexible installation, the PowerCore 2s.6p offers multiple mounting holes for permanent setups and a quick-lock mounting point for fast, tool-free attachment using the optional PowerCore Quick Lock Bracket.

Special features:

- 2 Multipin S19 connectors (1 in, 1 out) with loop-through functionality
- 6 Power Pro True outlets from Seetronic
- Voltage indication LED on each output
- Compatible with Multipin S19 and Socapex 19-pin connectors
- Quick-lock mounting option for easy installation

Specifications:
