EAN: 8717748609946

The DAP FL118 is a professional-grade audio cable with a male, stereo, right-angled mini-jack and two nickel-plated male XLR 3P connectors, perfect for seamless audio connections. The mini-jack features a specially formed, recessed flanged collar that allows you to fully plug it into your phone while it is still in its protective cover. It is ideal for use with computers, laptops, tablets, and mobile devices. Designed for convenience, the highly flexible FL118 is easy to use. It is available in different lengths to cater for different set-up requirements.

Important: Avoid using phantom power with this cable to prevent damage to its internal converter or your connected device. We recommend the use of an active or passive DI box.

Special features:

- High-quality, 90° mini-jack connector with recessed body
- Highly flexible for ease of use
- Available in different lengths
