creative textile solutions

Black - half couplers included

EAN: 8717748619198

The Wentex Support for P&D Upright enhances the stability of your Pipe & Drape system. Finished in sleek black and equipped with durable half couplers, this support is designed to clamp securely onto a vertical P&D Upright at two points while connecting to either a pin on a second Base Plate or any fixed installation with 48-50 mm tubes for added reinforcement. Featuring pipe clamps at both ends and an additional clamp on an extended arm, it provides extra rigidity to your setup, ensuring a safe and professional installation. Ideal for events, exhibitions, and stage environments where reliability matters.

Special features:

- For extra stability in taller P&D setups
- Four-clamp design
- Durable construction
- Half couplers included
